

Editorial schedule 2017 Elektro a trh

Thematic focus: electrical engineering, power engineering, electronics, energy-saving, lighting technology, using renewable resources in practice, automation and measuring technology, transportation and rail vehicles

Issue	Trade fairs	Topics	Closing date	Release
6/2016	Infotherma Ostrava 23rd - 26th Jan 2017 Aquatherm Nitra (SK) 7th - 10th Feb 2017 For Pasiv - Solar 9th - 11th Feb 2017	<ol style="list-style-type: none"> 1. Modern wiring of intelligent buildings 2. Security systems and their use 3. Work tools and protective equipment 4. System and equipment for rail vehicles 5. News in lighting technology 6. Information LCD Systems 7. Security systems and equipment, special cables for rail vehicles 	27th Oct 2016	22nd Nov 2016
1-2	Amper Brno 21st - 24 March Heat and Power Engineering Days Hradec Králové 25th - 26th Apr Construction Trade Fair IBF Brno 26th - 29th Apr Heat Engineering Days Hradec Králové Investment Opportunities Trade Fair Expopower Poznań 23rd - 25th May For Energo, For Industry 9th - 12th May	<ol style="list-style-type: none"> 1. Light sources and fittings, news in lighting, explosive environment 2. Overvoltage protection in buildings, warehouses, homes and rail transport 3. Energy facilities in practice, repair service and measuring systems for power engineering (Diagnostics) 4. Switchboards, switchgear and protective equipment 5. Cables, conductors and routing technology 6. Components for automation technology, nanotechnology 	22nd Feb 2017	15th Mar 2017
3	ELOSYS - MSV Nitra (SK) 23rd - 26th May Czech Raildays Ostrava 13th - 15th Jun Elektram (SONEPAR) 6th - 7th Sep Energetab Bielsko Biala (PL) 12th - 14th Sep (30th year)	<ol style="list-style-type: none"> 1. Measuring and control technology 2. Spare and backup UPS sources 3. Control and power supply systems 4. Technology for power engineering 5. Special connectors 6. Equipment for rail transport and security 7. Substation transformers, transformers, instrument transformers 	19th Apr 2017	12th May 2017
4-5	MSV Brno + Automation 3rd - 7th Oct For Arch Prague 19th - 23rd Sep CIREC 7th - 8th Nov ElfetexFest Plzeň Lighting Technology Conference Dlouhé Stráně	<ol style="list-style-type: none"> 1. Automation technology in power engineering 2. Managerial view in automotive industry, electromobility + charging systems 3. Electric drives technology, servo applications and their control (frequency converters) 4. Measuring levels and flows 5. Industrial and special PC systems, panel computers (automation) 6. Electrical engineering of modern transportation systems of rail vehicles 7. Special self-extinguishing cables, conductors, junction boxes 8. Lightning and overvoltage protection, electromagnetic compatibility 9. Robots in industrial environment 	14th Aug 2017	11th Sep 2017
6	Ekoenerga Olomouc 9th - 11th Nov Aquatherm Nitra (SK) 2018 Infotherma Ostrava Černá louka 2018 Elfetex Ostrava Gong hall	<ol style="list-style-type: none"> 1. Modern wiring of intelligent buildings 2. Work tools and protective equipment 3. Information LCD systems in power engineering 4. News in LED technology 5. Security systems and equipment, special cables for rail vehicles 6. Monitoring and measuring systems in transportation 7. Performance relays and detectors, sensors, actuators 8. Thermographic cameras 	17th Oct 2017	22nd Nov 2017
